

## SCHOOL MISSION

The mission of T.C.P. World Academy is for me to become an academically-involved independent learner through quality class participation, participation in micro-society activities, and utilizing technology for higher learning. I will understand the rationale for my education and the importance of this experience for my viable participation in a global society.

## Life, Art, Adventure

Maya Angelou

Because of the routines we follow, we often forget that life is an ongoing adventure. . . Life is pure adventure, and the sooner we realize that, the quicker we will be able to treat life as art: to bring all our energies to each encounter, to remain flexible enough to notice and admit when what we expected to happen did not happen. We need to remember that we are created creative and can invent new scenarios as frequently as they are needed.
