Dear Parents,

Allow me to welcome you and your child to 6th grade at T.C.P. World Academy! I am very excited to have the privilege and opportunity to work with you and your child this upcoming school year. I am sure that as we all work together, we can make this year the most successful one yet. My goal and the goal of the entire 6th grade team is to not only prepare your child to master the state curriculum, but to also refine their analytical skills and provide them with the knowledge and tools to provide more academic options at the secondary level. We want your child to enjoy coming to school each and every day! We also want to make your child's classroom environment a pleasant one, filled with rich experiences, challenging projects, loads of achievements and lasting friendships. We are sure that all of us involved will make this year a success.

In order to reach our goal in successfully mastering the sixth grade curriculum and passing the AIR Test, homework will be assigned every night except Fridays (unless necessary). Students will be writing their homework down daily in their agenda books. He/She will be responsible for writing down their homework and bringing the needed supplies home with them every day. More information about our classes will be included in our classroom handbook, which your child will receive on the first day of school.

If you have any questions or concerns, please let us know. I can be reached at school at (513) 531-9500 or email me at doctorltm@aol.com. Please, don't hesitate to contact me if you have any questions. I look forward to meeting you and working with your child this year.
